Address: East Rasulpur, Kamrangirchar, Dhaka-1211

Current Stage: Working MVP

Core 3-app platform built (Flutter + Supabase)
Pre-Revenue QA phase (fixing final UI/sync bugs)
Ready for RJSC registration & Dhaka hub launch

Ride-Sharing Drops at the Gate - Who Walks Inside With Your Parents?

Uber & Pathao only provide vehicles. Millions struggle inside airports, rail stations, and hospital queues alone.

1. Airport & Terminal Confusion

Elderly citizens, first-time flyers, and solo passengers struggle with heavy luggage, boarding gates, and forms at HSIA Airport, Kamalapur Station & Sadarghat.

2. 1.3 Crore+ NRBs & Working Families

Expatriate Bangladeshis (NRBs) and busy Dhaka professionals cannot take leave every time aging parents need a trustworthy companion for checkups.

3. Hospital Queues & Medical Abroad

Standing in doctor serials, diagnostic labs, pharmacies, or navigating treatment formalities in India is overwhelming without an educated assistant.

4. Zero Trust in Informal Brokers

Unverified station brokers (’dalals’) or informal helpers pose severe safety risks, literacy barriers, and arbitrary overtime money demands after a trip.

A Unified 3-App Ecosystem + 1-Tap Assisted Helpline Booking

Combining mobile app convenience with human helpline support for non-tech-savvy senior citizens.

Customer App (Android/iOS)

Book any of 6 services in 60 secs
Two-Tier KYC (zero friction for public hospital/airport trips)
Live companion profile & rating
4-digit Start/End OTP verification
Official Digital Cash Memo

Student Partner App

Strictly vetted University/College Students & Fresh Graduates
NID + Student ID verification
Live job radar & navigation
Rank 5 to Rank 0 progression
Transparent wallet & due settlement

Admin Command Center

Real-time Supabase trip monitor
Partner KYC & certificate approval
Live +Hour / +Day / Early-Return fare modification engine
Automatic unpaid commission lock
Emergency SOS & dispute desk

1-Tap Assisted Call Booking for Senior Citizens (01401454254)

Elderly passengers who cannot type or navigate complex forms simply tap the Helpline Call button.
Our support agent creates the booking on their behalf and dispatches a verified Student Companion immediately.

Standardized, Transparent Pricing Across All 6 Mobility & Care Needs

Every fare below is live in the JatraSathi Customer App - zero haggling or hidden charges.

1. Airport Pick &

BDT 1.2k-1.5k

Domestic: BDT 1,200 | Intl: BDT 1,500
Wheelchair, trolley, check-in &
terminal gate handover support.

2. Bus / Train / Laun

BDT 1,000

Kamalapur, Airport Rail, Sadarghat
Safe seat boarding (+BDT 300 if
heavy luggage exceeds 20kg).

3. Intercity Com

BDT 1,200/Day

Door-to-door inter-district escort
with live family GPS tracking &
verified destination handover.

4. Day-Care Sath

BDT 1,000/Day

Daytime errands & elder support
(100% online advance; strict ban
on cash/gold/checkbook handling).

5. Hospital Sathi

BDT 800-1,500

4h: BDT 800 | 6h: 1,000 | 8h: 1,200
10h: BDT 1,500 (Remote: BDT 2,500)
Doctor serials, lab tests & meds.

6. Medical Abr

BDT 2.5k-3.5k/d

Full-time companion for patients
traveling to India & abroad
(+ travel, visa & stay costs).

Why Customers Prefer JatraSathi Over Informal Helpers

Fixed transparent rates + educated student companions who can read English medical reports & airport forms.

Why University Students & Freshers Are Our Core Partners

Building a trusted, literate, and polite companion workforce without requiring motorcycle or car capital.

1. 4-Layer Student KYC Verification

Every partner submits National ID (NID) / Birth Reg, University/College Student ID or Graduation Certificate, live selfie, and verified guardian emergency contact.

2. Literate for Hospital & Airport Forms

Hospital prescriptions, diagnostic billing, and airport immigration forms require English & Bangla literacy-where college/university students naturally excel.

3. Class-Friendly Flexible Shifts

Students & job-seeking freshers take 4-hour to full-day bookings on free days between classes-earning dignified part-time income with zero vehicle cost.

4. Disciplined Phased Safety Rollout

Phase 1 (Year 1) launches with strictly vetted Male Student & Fresher Companions; Phase 2 (Year 2) introduces a dedicated Female Companion Wing.

Zero-Dispute Technology Engineered for Local Realities

Every operational risk-overtime stalling, fare haggling, and safety-is solved directly in code.

1. Two-Tier Smart Customer KYC

Public venue trips (Hospital, Airport, Station) require only Name & Phone for fast booking. Private/long trips (Intercity, Day-Care, Abroad) enforce NID/Passport KYC.

2. Customer 'Work-Done Timer Lock'

Prevents companions from stalling at tea stalls to inflate overtime. Customer taps 'Work-Done Timer Lock' to freeze billing immediately upon task completion.

3. 4-Digit OTP + Free OSRM Maps

Trips start and end only via customer 4-digit OTP. Powered by OpenStreetMap + OSRM routing engine with BDT 0 monthly map API cost.

4. Live Modify & Digital Cash Memo

Displays Base Fare, live +Hour/+Day adjustments, 30% Online Advance deducted, and exact net Cash Due-eliminating end-of-trip verbal arguments.

Merit-Based 6-Rank Revenue Share (Rank 5 -> Rank 0)

Companions rank up purely by completed trips & 4.5* rating - NO mandatory day/tenure limit (ideal for students).

Rank 5 (Entry) 0+ Trips (No day limit)		**30% Sathi | 70% Co.**
Rank 4 45+ Trips (No day limit)		**40% Sathi | 60% Co.**
Rank 3 105+ Trips + 4.5* Rating		**50% Sathi | 50% Co.**
Rank 2 180+ Trips + 4.5* Rating		**60% Sathi | 40% Co.**
Rank 1 270+ Trips + 4.5* Rating		**70% Sathi | 30% Co.**
Rank 0 (Elite) 500+ Trips + 4.5* Rating		**75% Sathi | 25% Co.**

Flexible Student Progression

No Day/Time Limit: Trips can be completed across separate days at the student's own schedule.
Fast-Track Boost: +1 Rank for travel proof, +2 for Medical Abroad.

Zero-Leakage Settlement Lock

Customer pays 30% Online Advance (100% Day-Care) via bKash/Nagad.
Partner collects 70% cash at end.
App locks next trip automatically until company due is cleared.

Large Underserved Care Market Meets Educated Youth Workforce

Addressing high-frequency travel and hospital assistance across urban Bangladesh.

1.5 Crore+ Senior

Elderly Care

Rapidly growing senior citizen population needing assisted hospital visits, diagnostics, and safe intercity travel.

1.3 Crore+ NRB

NRB Remittance

Expatriate Bangladeshis in Middle East, Europe & US who actively pay for reliable local support for aging parents.

40 Lakh+ Uni S

Partner Supply

Massive nationwide supply of educated college & university students seeking dignified flexible part-time income.

5 Lakh+ Annual Outbound Medical & First-Time Flyers - Priority Launch Hubs

Initial rollout concentrated around Dhaka's highest-density transit and healthcare hubs:
1. Hazrat Shahjalal International Airport (HSIA) 2. Kamalapur & Airport Railway Stations 3. Sadarghat Terminal
4. Dhaka Medical (DMCH), BMU (PG), Square Hospital, Evercare, United & Ibn Sina Hospitals.

Dignified Youth Employment (SDG 8) + Safe Mobility (SDG 3 & 5)

Solving student underemployment and elderly isolation in a single self-sustaining marketplace.

SDG 8: Zero-Capital Student Income

Unlike ride-sharing (requiring a BDT 1.5 Lakh+ bike), JatraSathi enables university students, nursing students, and job-seeking freshers to earn honorably using only their education, empathy, and smartphone.

SDG 3 & 5: Safe Elder & Family Care

Ensures senior citizens and patients never miss critical medical checkups or fear traveling alone. Year 2 expands with a dedicated Female Companion Wing for solo women travelers and female university students.

Verified Career Pathway for Fresh Graduates

Top-performing Student Partners (Rank 2, Rank 1 & Rank 0) receive official work experience certificates and priority placement in operations, hospital patient-relations, and international medical facilitation.

Founder & CEO: Omar Nazrul (+8801611454254)

Working MVP Built | BDT 55,000 Founder Bootstrapped | Pre-Revenue QA

100% honest disclosure for Startup Bangladesh - built from personal savings with zero external debt.

MVP Built (3 Apps)

Tech Ready

Customer App, Student Partner App & Admin Command Center built on Flutter, Supabase Realtime & free OSRM Maps.

BDT 55,000 Inves

Bootstrapped

Personally bootstrapped by Founder Omar Nazrul from personal savings for MVP R&D (BDT 0 external loan/VC).

Pre-Revenue (BDT 0)

QA Phase

Currently in pre-launch QA: fixing final UI & rank sync bugs before onboarding first student cohort & taking orders.

Immediate 3-Step Execution Roadmap

Step 1 (Month 1-2): Finalize app bug-fixes, publish on Google Play/App Store & complete RJSC incorporation.
Step 2 (Month 3-4): Onboard & train first 200 vetted Student & Fresher Companions across Dhaka campuses.
Step 3 (Month 5-12): Launch hospital/airport help-desks, NRB digital campaigns & Medical Abroad wing.

Execution-Focused Leadership with Direct Student Network Access

Combining field operations, helpline support experience, and grassroots university access in Dhaka.
